TWO RESIDENCES BURN FRIDAY MORNING.

Fire broke out about one o'clock Friday morning, presumably from a defective flue, in the residence of John Jackson, in West Hickman, and the family were barely able to save themselves and one small trunk. Mr. Jackson, who has been ill for some time, had to be carried from the burning building. The fire started in the kitchen and when discovered was under terrific headway, and the flames quickly spread to the residence of W. M. Cason, thence to a small office, owned by Mr. Cason. All three buildings were destroyed, but Mr. Cason succeeded in saving his household goods.

As soon as the alarm was turned in the fire department responded, but the nearest fire hydrant was so far from the burning houses that the hose would not reach it. This very trouble was anticipated by the council and an order placed some time ago for hose, which has not yet been received.

Mr. Jackson's residence contained four rooms and he carried \$600 insurance. Mr. Cason's house was the same size; and was insured for \$500.

It is a sad task and with a id heart full of sorrow we try to ne pen these words of love for this good woman. She united with the Christian church in early womanhood and lived a consistent true christian life until the m end. She was a charter member of Mt. Hermon church. As I have grown older I have never forn gotten her many kind words of advice and her influence still lingers with me. The sudden removal of such a life from among us leaves a vacancy and a shadcw that will be deeply realized by the congregation to which she belonged and her many friends throughout this neighborhood. We are at a loss to find words and phrases which can adequately express to the family of our friend the deep and sincere sympathy which we feel for there in their right and useful woman, the fam ily a loving, tender and affection ate mother.

Facts About Germs.

Experiments show that germs will actually live longer on stone and marble floors than they will on linoleum, except at low temperatures, when the greater cold of the stone floors kills certain microbes which cannot exist in warm temperatures. Moreover, linoleum, though not as cold as stone, s colder than most other floor cov erings, and thus has a double effect upon the germs.

News Snapshots Of the Week

Our affair with Germany continued in a most critical state. After Dr. Paul Ritter, Swiss minister, conveyed Germany's informal advances to our government and Secretary Lansing curtly refused to consider any more that didn't include the abandonment of the new submarine policy, Germany announced she hadn't made proposals. Carefully and with the fullest courtesy ex-Ambassador Von Bernstorff, and his staff left for home. Activity in all branches of the army and navy marked the week. Admiral in hurry orders for fast motorboats or "submarine chasers." Wire nets were strung outside our harbors to keep out submarines. The first Amerleave for the submarine zone was the Orleans. The Woman's League For Self Defense offered to assist in war. The naval militia continued ges in New York while enlistments continued.

DRASTIC PROHIBITION AMENDMENT PASSED.

Legislation which would have the effect of making twenty-five States "bone dry" was approved by the Senate Wednesday in the form of an amendment to the Postoffice Appropriation Bill.

Briefly, the amendment provides that intoxicating liquors, intended for beverage purposes, cannot be transported into any State where the manufacture and sale of such liquors is prohibited. This would have the effect of entirely nullifying the "personal use" clause of a majority of the so-called "dry" States, where only the manufacture and sale is prohibited.

SPECIAL SESSION

To Revise Tax Laws.

It may not be generally known, but It is a fact that only forty out of the one hundred and twenty counties in Kentucky contribute anything toward the general expenses of the State goverament, but when it comes to criticloing the management of the State's finances and denouncing the extravagance of the Legislature in making appropriations, the greatest complaints seem to be made by the eighty coulties which do not pay a dollar of the

It is refreshing to read in an editorial in the Livingston Enterprise the frank admission that

"It takes all the meney Livingston County pays into the State treasury to pay the school teachers of this county. The State taxes being \$16,867 and teachers' salaries \$16,995, and there are many other expenses of county efficials, witness and jury fees, etc., amounting to about \$4,500, paid out of the State treasury. • • Livingston County contributes nothing to the running expenses of the State, yet we have a voice in the State's affairs and often criticise the administration on its extravagance, when the whole expense is borne by other counties.

• • Until we reach the point of paying our own expenses we cannot charge unfairness in any tax laws."

There are seventy-nine other cousties in the same situation as Livingston, but few of them seem willing so freely to confess their shortcomings, nor will they hasten to do so as long as the ferty other counties are willing to submit to higher assessments and list more taxable property on which the excess taxes go toward paying the expenses of their delinquent neighbors.

The editorial referred to also presents an epitome of taxation in the following sensible language:

"In considering any taxing system It is well to examine conditions in various sections of the State; ascertain the capacity of each county to pay as lection as equally as may be upon the people of the whole State."

And that is exactly what the laws sien are designed to accomplish. If

BOY ROBS BENEFACTOR.

As a result of his kindness, which permitted a young man to lodge in the light plant over night Tuesday, Will Shanklin found himself minus \$15 yesterday morning. Suspecting the boy, whose name is Will Young, of Big Sandy, Ky., he was arrested by Chief Hamby. He denied any knowledge of the theft, but after a little "sweating," admitted getting the money. About \$3 was recovered from a barrel at the plant; the remainder, however, was not found. The boy said he dropped two \$5 bills out of the buggy on the street while coming to town with the officer.

The young man was given his "walking papers."

HUBERT OGDON DEAD.

Hubert Odgon, age 23 years, died at his home in the lower bottom, on Esq. Hannon Shaw's place, Tuesday. Meningitis was assigned as the cause of death. The young man was a farmer and is survived by his wife. The interment occurred at Brownsville cemetery.

The death of Mr. Odgon is the seventh death to occur in this family in the past two years three of whom have died in the past 60 days.

COUNTY ATTORNEY RONEY ASKS FOR RE-ELECTION.

The Courier is authorized to announce County Attorney James W. Roney as a candidate for reelection to the office he now holds, and which he has so ably filled for the past two terms.

It is hardly necessary to recall the fact that Judge Roney is a Democrat and an able, fearless lawyer; has prosecuted fearlessly and without favor and given his office strict attention. His record, after having served the county for the past seven years, is doubtless his best recommendation, and should commend his candidacy to the consideration of Fulton county voters. Inasmuch as he is well and favorably known throughout the county, it is a waste of time to enter into a lenghty discussion of his qualifications, etc., and it is only necessary to say that he will appreciate your support at the polls on August 4th and will continue, if elected, to serve you to the very best of his ability-which is quite equal to every emergency that may arise in the discharge of the duties of the office of County At-

In speaking of his candidacy Mr. Roney says:

"There are so many things of vital interests to the county that have been recently begun and are yet unfinished that it seems unwise to make a change at this time in the office of County Attorney. I am familiar with not only the financial affairs but the system for improvement of our roads, by county, state and federal aid. I am closely in touch with every interest of the county and have made it a close study because it has been my business to do so. I want to see Fulton county occupy a place at the head of the column for everything good, a place it deserves and which I believe it will occupy during the next four years. I want to be County Attorney when that happens and I know I can render considerable assistance in every department of the county's affairs while it is attaining that end.

"I am very grateful to my friends for their support in the past and feel deeply the aid and moral support they have given me which has made possible the success which has attended my efforts on many occasions."

A Southern Gentleman Is Popular Everywhere

Just think this over a minute.—How many friends have you? Not the fellows who borrow from you—I mean the chaps who will fight for you! Fellows who believe in you-who stick by you through thick and thin. You can count them on one hand, can't you? But listen to this. - I have several million down South here.

And why? Because I've been on the level.

I've played fair. I've never lied to my friends, nor cheated them, nor doublecrossed them, nor held out on them.

They know me by my right name—SOV-EREIGN. A true gentleman of the South, born and bred of the real Southern stock. I mingle the blood of Virginia and Carolina—the best in the world—the choicest, sweetest, ripest, smoothest tobacco you ever smoked.

You Folks of the South KNOW Good blood! You Folks of the South KNOW Good tobacco!

I have friends down South, and I keep them—because quality does tell. And it means a whole lot when I say:

> I am guaranteed by The American Tobacco G. - Buy me. If you don't like me return me to your dealer and get your money back. I have said it. A Southern gentleman is known the world over for keeping his word, and I have given you mine.

Too Sick To Work

Many Women in this Condition Regain Health by Taking Lydia E. Pinkham's Vegetable Compound.

Convincing Proof of This Fact

Ridgway, Penn. - "I suffered from female trouble with backache and pain in my side for over seven months so I could not do any of my work. I was treated by three different doctors and was getting discouraged when my sister-in-law told me how Lydia E. Pinkham's Vegetable Compound had helped her. I decided to try it, and it restored my health, so I now do all of my housework which is not light as I have a little boy three years old." -Mrs. O. M. RHINES Ridgway, Penn.

Mrs. Lindsey Now Keeps House For Seven.

Tennille, Ga.-"I want to tell you how much I have been benefited. by Lydia E. Pinkham's Vegetable Compound. About eight years ago I got in such a low state of health I was unable to keep house for three in the family. I had dull, tired, dizzy feelings, cold feet and hands nearly all the time and could scarcely sleep at all. The doctor said I had a severe case of ulceration and without an operation I would always be an invalid, but I told him I wanted to wait awhile. Our druggist advised my husband to get Lydia E. Pinkham's Vegetable Compound. and it has entirely cured me. Now I keep house for seven and work in the garden some, too. I am so thankful I got this medicine. I feel as though it saved my life and have recommended it to others and they have been benefited".—Mrs. W. E. LINDSEY, R. R. 3, Tennille, Ga.

LIFT YOUR CORNS OFF WITH FINGERS

Tells How To Loosen A Tender Corn or Callus so it Lifts out

Without Pain.

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn or callus the soreness is relieved and soon the entire corn or callus, root and all, lifts off with the fingers.

Freezone dries the moment it is applied, and simply shrivels the corn or callus without inflaming or even irritating the surrounding tissue or skin. A small bottle of freezone will cost very little at any of the drug stores, but will positively rid one's feet of every hard or soft corn or hardened callus. If your druggist hasn't any freezone he can get it at any wholesale drug house for Advt. you.
